Euro 2024 Sweepstake – Organising Tips

As the Euro 2024 sweepstake organiser, your objective is to sell all the teams.

You can also spice things up with a consolation prize for the first eliminated team or a bonus for the closest tournament goal total prediction.

Set your price per team. For instance, at £2 per team, the total pot is £48. At £5 per team, it's £120 and at £10 it's £240!

Prize distribution is at your discretion. A typical structure at £5 per team could be

- **First prize £50**
- **£10 for the earliest exit.**
- **£60 to Cardiff & Vale Health Charity**

Get creative with the prizes – perhaps the winner could enjoy a special reward, like an extra day off work if you're the boss!
